

Meeting Minutes

04-08-18

7:30 ENTIRE GROUP MEETING

Isaiah Johnson, Derek Brown, Alyssa Drohan, Horatio Hodge, Jarrett Horton,
Daniel Gaisberger

Jarrett sat down with us and did the weekly team contribution sheets with us. ISM team needs to fix test cases, also finish last two use cases for RAD document

***Alyssa, Daniel was not there, Russell Showed up a hour late**

- Jarrett: App python reports with D3, identify last remaining bugs in the app, Sort Top Cards
- Daniel: Will work on bugs as he finds them and will be working with Jarrett closely to tidy up the stock app and make it look good, A lot of the databases fixes he's working with and coding of application.
- Russell: Delete upper bound portfolio, lower bound portfolio, upper bound watchlist, lower bound watchlist from edit user settings, add currency conversion to all graphs fx convert, create tutorial on how to use the app
- Isaiah: Will add first and last name to banner at top, create tutorial on how to use the App
- Horatio: Will work on Test Cases with Alyssa and testing for bugs as well
- Derek: Will work on updating RAD Document and doing meeting minutes. Assigned Alyssa and Horatio to work on test cases together parallel to Derek while updating the use cases (RAD Document) daily
- Alyssa: Will work on test cases with Horatio and testing for bugs as well
- Isaac: Commas for all numbers in IndividualStockPage done, started commas in prices, fixed negative equity bug
