Meeting Minutes

03-18-18

6:00

Isaiah Johnson, Russell Quao, Derek Brown, Isaac

Silvious, Alysaa Drohan, Horatio Hodge, Jarrett Horton,

Daniel Gaisberger

We planned to meet as a group Sunday at 6 and the only people who showed up were Issac, Jarrett, Daniel, and Derek. We had no word from Alyssa, Derek reached out to Horatio and he informed Derek that he was coming back from Dayton, Derek then reached out to Isaiah and he had work and was supposed to leave work at 5:45 to get to meeting at 6:00 but was held up, Russell had work as well, Jarrett only knew by texting him at 1:00 for an update on his task.

- Jarrett: Will continue to work on bugs as he finds them and assigning people tasks on Glo to have accountability through the group. Made Derek the ISM lead in order to assign the correct test cases and use cases/rad documents to get finished among Derek, Alyssa, and Horatio
- Daniel: Will work on bugs as he finds them and will be working with Jarrett closely to tidy up the stock app and make it look good, A lot of the databases fixes he's working with and coding of application.
- Russell: Add currency conversion to all graphs fx convert
- Isaiah: tooltip on live button when stock market is closed that way it lets the user know
- Horatio: Will work on Test Cases and Rad Documents, testing for bugs
- Derek: Will work on Test Cases, updating RAD Document, and doing meeting minutes. Will send out an email to Alyssa and Horatio on what needs to be accomplished from here going forward.
- Alyssa: Will work on test cases and Rad Document as well, testing for bugs as well
- Isaac: Will work on the bugs that assigned to him through the Glo board
