Meeting Minutes

03-12-18

4:00 PM **(CANCELLED DO TO SNOW, BUT WAS ABLE TO ADJUST)**

Isaiah Johnson, Russell Quao, Derek Brown, Isaac

Silvious, Alysaa Drohan, Horatio Hodge, Jarrett Horton,

Daniel Gaisberger

We did not have a meeting this week due to the snow and our Monday meeting with Stevens and Mcgregor was cancelled, but a new update with our GitKraken software was an addon called Glo, which allows us to all interact with a task bar of what needs to be accomplished for the week. Jarrett emailed everyone to inform them how to download Glo and pay attention to their tasks for the upcoming week.

- Jarrett: Will work on bugs as they come in system files, adding legend to donut, making it same color, minor fixes to the portfolio. Loading screen (CSS) for every page
- Daniel: Will work on bugs as they come in system files, Updated all D3 to V5
- Russell: Add currency conversion to all graphs fx convert
- Isaiah: tooltip on live button when stock market is closed that way it lets the user know
- Horatio: Will work on Test Cases and Rad Documents, testing for bugs
- Derek: Will work on Test Cases, updating RAD Document, and doing meeting minutes. Specifically, will Remove the View Navigation Slider use case, and Notifications to phone use cases
- Alyssa: Will work on test cases and Rad Document as well, testing for bugs as well
- Isaac: Will work on the bugs that assigned to them through the Glo board
